

JOURNÉE DU PRÉSIDENT

22 NOVEMBRE - LYON

Review and novelties in the nervous system autoimmune diseases

Institut Lumière
Rue du Premier Film
69008 Lyon

SFN
SOCIÉTÉ FRANÇAISE DE NEUROLOGIE

Review and novelties in the nervous system autoimmune diseases

8h30 : Welcome

8h50 : Introduction, Jérôme Honnorat (Lyon)

Session 1 : History and novelties in autoimmune Encephalitis and Paraneoplastic Neurological Syndromes

Chair : TBD

- **9.00-9.30 : 40 years of Paraneoplastic Neurological Syndromes**, *Francesc Graus (Barcelona, Spain)*
- **9.30-10.00 : What is the future of autoimmune encephalitis**, *Josep Dalmau (Barcelona, Spain)*
- **10.00-10.30 : What is new in autoimmune peripheral neuropathies ?** *Jean-Christophe Antoine (Saint-Etienne, France)*

10.30-11.00 : Coffe break and stand session

Session 2 : Mechanisms and treatments part 1

Chair : TBD

- **11.00-11.20 : Tolerance immune breakdown in PNS**, *Virginie Desestret (Lyon, France)*
- **11.20- 11.40 : Mechanisms of CASPR2 encephalitis**, *Bastien Joubert (Lyon, France)*
- **11.40-12.00 : Clinical presentation and mechanisms of Iglon5 encephalitis**, *Lidia Sabater (Barcelona, Spain)*
- **11.20-12.20 : GNew treatment strategies in Masthenia gravis**, *Shahram Attarian (Marseille, France)*

12.20 -13.30 : Lunch Break - stands - and posters session

13h30-14h30 : Symposium

Session 2 : Mechanisms and treatments part 2

Chair : TBD

- **14.00-14.20 : What we learnt in autoimmune neurological diseases from neuropathology ?** *Romana Hoftberger (Vienne, Austria)*
- **14.20-14.40 : Immunology underlying CNS autoantibody mediated diseases**, *Sarosh Irani (Oxford, England)*
- **14.40-15.00 : What's new in NMO and MOGAD ?** *Romain Marignier (Lyon, France)*
- **15.00-15.20 : Role of brain MRI in autoimmune encephalitis management**, *Carsten Finke (Berlin, Germany)*

15h20-15h50 : Coffe break and stand session

Session 3 : Immunotherapies and CART-cells

Chair : TBD

- **15.50-16.10 : Diagnosis and treatment of immune Myositis**, *Olivier Benveniste (Paris, France)*
- **16.10-16.30 : Diagnosis and prognosis post ICI of neurological syndromes**, *Antonio Farina (Firenze, Italy)*
- **16.30-16.50 : Neurology and CarTCell therapy**, *Antoine Carpentier (Paris, France)*
- **16.50-17.10 : Strategies to improve autoimmune neurological diseases treatment**, *Franck Leypoldt (Kiel, Germany)*

End of the Day
